10 touch points

Interactive and ideal for Digital Signage applications

KIO K SERIES

SmartMedia KIO K is an innovative indoor interactive totem designed to attract and capture the attention of any user.

Equipped with 10-touch multi-touch technology and 4K resolution, it can respond intuitively to all new Digital Signage applications and to all those solutions developed to enhance information management.

Made with an elegant and well-designed structure, it adapts to any environment and public space. Connectable to the network for the use of remotely controlled Digital Signage applications.

APPLICATION

SmartMedia KIO K Series allows interaction with multimedia content, maps, information, advertising posters and much more.

Users can intuitively interact with the surface with their fingers.

Intended for retail outlets, agencies, receptions, hotel lobbies, school entrances, banks, studios, museums, airports, shopping malls and more.

MAIN FEATURES

- Available in two versions:
 - With integrated Android Player
 - With integrated I5 PC
- Possibility to connect your own PC via HDMI
- Connectable to the network for the use of remotely controlled Digital Signage applications
- Protective glass on the display to make it safe for public use
- Touch technology for accurate and reliable touch
- Built-in ventilation system to keep components at an optimal temperature
- Optional wheels for easy movement

Software Included: SmartTouch

[Not provided on models with Android]

SmartTouch is the software that lets you manage multimedia content and presentation files more effectively and in a more visually engaging way on any touch-based device. Easy to use, SmartTouch allows you to control and interact with content naturally thanks to hand gesture recognition. SmartTouch has been designed to give you an experience much like your smartphone or tablet. Designed for use with touch screen monitors and with interactive kiosks and tables.

Great at info points, trade shows, museums, retail locations, shopping malls, television news studios, meeting rooms, airports, hotels, universities, schools, training centers, libraries, etc.

PHOTO, VIDEO AND AUDIO VIEWER:

Allows you to visualize and manipulate photographs, videos and audio files, annotate directly over the screen, and capture and email your annotations.

JIGSAW PUZZLE:

This app simulates a classic jigsaw puzzle to entertain in a fun way! Users can turn any image they desire into a puzzle.

PDF AND MICROSOFT WORD, EXCEL AND POWER POINT FILE VIEWER:

Lets you visualize the selected file and zoom in or out on all or part of the document, annotate directly over the screen, and capture and email your annotations.

BROWSER:

The integrated web browser will let you navigate the Internet and create white and black lists to limit access only to specified sites, annotate directly over the screen, and capture and email your annotations.

QUIZ BUILDER:

Create and manage custom quizzes for educational or entertainment purposes.

FORM:

Lets you visualize the selected file and zoom in or out on all or part of the document, annotate directly over the screen, and capture and email your annotations.

Compatibility

Minimum requirements: 7-inch Tablet with Windows 8.1 or Windows 10 or Desktop PC with Windows 7, 8, 8.1 or 10

Included Software: SmartSignage

[1 year Free]

SmartMedia SmartSignage: The Smartmedia solution for digital signage

Visual communication is the most effective tool for the immediate comprehensibility and easy storing the transmitted information.

Digital Signage is the form of proximity communication, used in stores or in open public spaces, which allows you to relate to the customer by improving the engagement and the user experience, using images, texts, videos, through Monitor LCD, Video Wall, Kiosks.
