

SmartMedia Multi-Touch Table SMT Series

making learning more
engaging &
exciting

innovative multi-touch interactive tables

The SmartMedia multi-touch Table is an innovative multi-touch interactive surface with a choice of 55", 65", 70" or 84" monitors built right into the console. Designed to make learning more engaging and exciting for children, these tables provide interaction with educational content, multimedia resources, games and much more.

Users can interact with the surface using either their fingers or a stylus, placing you in full control of versatile computer applications. The multi-touch Table includes an easy and intuitive bundled software package that allows you to write, insert images, add backgrounds, make notes and record your sessions.

APPLICATIONS

SmartMedia's multi-touch Tables are specifically designed to be placed in classrooms, pre-schools, retail shops, agencies, reception areas and museums, but can also be used as an intriguing attention grabber at trade shows and events.

FEATURES

- Control all the PC functions and applications and annotate over anything
- Draw perfect geometric shapes using the whiteboarding app
- Import all image formats, videos, audios, flash files, ppt and pptx
- Export in pdf, ppt and pptx
- Write on the applications, create annotations and highlight text
- Save and print what has been done with SmartMedia software
- Instant replay of the work done inside the software
- Windows 7 & 8 compatible for multi-touch capabilities

Included software: SmartTouch

SmartTouch is the software that lets you manage multimedia content and presentation files more effectively and in a more visually engaging way on any touch-based device. Easy to use, SmartTouch allows you to control and interact with content naturally thanks to hand gesture recognition. SmartTouch has been designed to give you an experience much like your smartphone or tablet.

Designed for use with touch screen monitors and with interactive kiosks and tables.

Great at info points, trade shows, museums, retail locations, shopping malls, television news studios, meeting rooms, airports, hotels, universities, schools, training centers, libraries, etc.

Amazing interaction in high definition

Using your multimedia content and the easily customized pre-loaded templates, you can create your own interactive application in just a few steps. Prepare your projects wherever you are with the configurator, then import them into SmartTouch with a USB drive or other removable media. Real multi-touch capabilities: multiple users can explore different content at the same time. Password-protected access to settings and to exit the software.

Main Features

Photo, video and audio viewer

Allows you to visualize and manipulate photographs, videos and audio files, annotate directly over the screen, and capture and email your annotations.

Browser

The integrated web browser will let you navigate the Internet and create white and black lists to limit access only to specified sites, annotate directly over the screen, and capture and email your annotations.

Jigsaw Puzzle

This app simulates a classic jigsaw puzzle to entertain in a fun way! Users can turn any image they desire into a puzzle.

Quiz builder

Create and manage custom quizzes for educational or entertainment purposes.

PDF and Microsoft Word, Excel and Power Point file viewer

Lets you visualize the selected file and zoom in or out on all or part of the document, annotate directly over the screen, and capture and email your annotations.

Form

Enter the requested information, including e-mail address, on the form; attach any file you want (e.g. brochures, data sheets, images, screenshots, etc.), and the app will send it to the specified e-mail address automatically.

Compatibility

Minimum requirements:
7-inch Tablet with Windows 8.1 or Desktop PC with Windows 7, Windows 8 or Windows 8.1
